ITALIE

Manufacturing site :

Products : Power Supply Equipment – AU424A2

Detailed description of products : Annex (1 page)

The products mentioned in annex are the object by the manufacturer of a factory production control and tests carried out on samples taken in the place of manufacture in accordance with a pre-established test plan.

AFNOR Certification carried out tests of the initial type on the product, the initial inspection of the site of production and the control of production in factory and carries out a continuous surveillance, evaluation and an acceptance of the control of production in factory.

This certificate attests that provisions concerning the attestation of conformity described in annex ZA of the standards EN 54-4 + A1 + A2 were applied and that the product fulfils all the requirements demands.
It will allow the manufacturer or his agent operating within the EEA to apply EC marking.

Certificate number : 0333-CPD-075255

Conditions and certificate validity period : 23 March 2014

This certificate was first issued on 24 March 2009 and remains valid as long as the validity period and the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

Date of certificate delivery : 24 March 2009
